

Order a presentation

Order your presentation of Customer Monitor!

In the initial 2-hour presentation, we'll introduce you to the main advantages and functions of the system Customer Monitor, and gladly answer your questions.

We'll adjust the presentation to match your vision of using CM in your environment.

The initial presentation is usually done remotely (by phone and remote access to the presenter's desktop).

In case of serious interest, we'll gladly make you a personal presentation.
